Aphesis Halfway House Wish/Needs List

August 13, 2010

Aphesis House, Inc., a Middle Tennessee 501(c)(3) non-profit organization, has recently purchased a home to help at-risk men. Aphesis House believes that stability, security, togetherness, happiness, self-esteem, hope, confidence, family and the future of dreams can be a reality for our men, and can come true. Our clients are offered a range of supportive services such as life (coping) skills, job training, substance abuse counseling, personal crisis counseling, transportation, and nutrition along with hope. To date, we've opened up three houses in the middle TN area that accommodate up to 29 men.

To prepare for occupancy, we have to renovate portions of the new house. We have compiled a list of items that will help us complete that renovation. Call Deacon Ted Welsh if you can help in any way with the materials or if you would care to make a donation; checks can be made to: St Joseph Church - prison ministry (Aphesis House). Thank you.

Items needed for house renovation:

Item	number needed
6x6x12	6
12x12 stepping stones	8
80lbs Quikrete	14
